As a participant in the Spring into Software Engineering programme, you will find out what it's like to work in our business and hear first-hand about the responsibilities and workdays of everyone from junior software engineers to Managing Directors. During the week, you'll discover just how deep our commitment is to our communities and employees, and how we're constantly innovating to meet their needs. We'll also help you improve your skills with interactive sessions, and give you time to network with each other and our business leaders.

Event responsibilities

- Focus on getting to know Software Engineer at JPMorgan Chase through deep dives into our teams and their work
- Participate in panel sessions exploring the daily work of analysts and associates and interactive Q&A
- Join in technical workshops and learning opportunities

Required qualifications, capabilities, and skills

- A student expecting to graduate in 2028 (We welcome applicants from computer science or related courses)
- Demonstrated communication skills (verbal and written), self-motivation and a passion for working in technology.

Applications are open to all eligible candidates and we are particularly keen to receive applications

What's Next?

Help us learn about you by submitting a complete and thoughtful application, which includes your CV. Your application and CV is a way for us to initially get to know you, so it's important to complete all relevant application questions so we have as much information about you as possible.

After you confirm your application, we will review it to determine whether you meet certain required qualifications.

You'll receive an email invitation to complete a coding challenge, powered by HackerRank. This is your opportunity to further bring your CV to life and showcase your experience for our recruiting team and hiring managers.

HackerRank is required, and your application will not be considered for further review until you have completed this. We strongly encourage that you apply and complete these required elements as soon as possible, since programs will close as positions are filled. It should take no longer than 60-90 minutes to complete.

JPMorgan Chase is committed to creating an inclusive work environment that respects all people for their unique skills, backgrounds and professional experiences. We strive to hire qualified, diverse candidates, and we will provide reasonable accommodations for known disabilities.
